

6 Months Out Graduate Survey

Summary of September 17, 2021 Frost Center Friday Discussion and Recommended Action Steps

Who at Hope College (positions or departments) would benefit from the information shared today?

Frost Center Friday handouts were sent to all Chairs, Admissions, Philanthropy, Boerigter Center, Deans' Council, and posted on the Frost Center website.

Thinking about your own work at Hope, how will you use what you've learned today?

Student advising/major recommendations, assessing student learning outcomes, curriculum design and redesign, emphasizing experiential learning and global learning in advising, and using data from graduates to change what we do with our current cohorts.

How might data from this annual survey continuously inform decisions for the benefit of our students?

Expanding research opportunities, increasing opportunities for community engagement, increasing opportunities for study abroad. Including multicultural skills/opportunities in future surveys, looking at responses by gender and race/ethnicity for differential experiences, comparing results from 6-months out with 5- and 10-years out: is student satisfaction the same? For discussion by Frost Center/Alumni/Boerigter Center.
